SUBJECT INDEX

abdominal retractors, electrical hazards of 29
abdominoperineal resection of rectum 69
acetabular dysplasia 195
adjuvant therapy, for colorectal carcinoma 593
aerodigestive tract, upper, cancer of 45
alkaline phosphatase, association with cancer in cholestatic jaundice 453
ambulatory venous pressure (AVP) compared with ascending cinevenography 565
anaesthetic management, in carotid artery surgery 315
anatomy, of persistent trigeminal artery 397
aneurysm
  of renal artery, postpartum rupture of 299
  abdominal, aortic 189
angiography, carotid, compared with fluid filled oculoplethysmography 181
antibiotics, cephamandole in biliary surgery 19
aorta, intrathoracic brachiocephalic revascularization from 589
arteriovenous fistula in haemodialysis access 551
artery, persistent, trigeminal anatomy of 397
arthroplasty, hip joint 195
avulsion, of varicose short saphenous trunk 61

basilar artery 397
bile duct obstruction 433
  extrahepatic 437
biliary surgery, wound infection in 19
blood transfusion, experimental study of effect of tumour growth on 503
bowel cancer, follow-up of (ed. comm.) 533
breast cancer 121, 127
breast cryptococcosis 517
breast reconstruction
  using latissimus dorsi flap, operative aid for synchronous mastectomy with 585
  using rectus abdominis musculocutaneous flap 65
burns, iatrogenic, experimental study of 55

calcium channel blockers, in experimental prevention of warm ischaemia-induced renal failure 391
calculi, lower ureteric, management of 51
cancer staging systems, comparison of UICC and AJC 275
carotid artery
  anesthetic management of 315
  internal 397
  intra-operative ultrasound 321
  non-invasive testing of 411
  stenosis, assessed by oculoplethysmography 181
  surgery, survey of 571
carotid endarterectomy
  in combined carotid artery surgery 329
  (ed. comm.) 311
  intra-operative ultrasound 321
  in patients with actively changing neurological deficits 335
carotid surgery
  carotid coronary combined reconstruction 329
carpal scaphoid, volar approach to 497
catheter, intercostal, instrument for insertion of 407
catheterization, for long term haemodialysis 33
catheterization, central venous, review of 545
cephamandole, as prophylactic in biliary surgery 19
cerebral cryptococcosis 517
cerebral revascularization, using T-piece dacron graft 589
chemonucleolysis
  (ed. comm.) 89
  in treatment of prolapsed lumbar disc disease 157
chemotherapy
  of bladder carcinoma 249
  for recurrent nasopharyngeal carcinoma 153
cholangitis, primary sclerosing 437
choledochal cyst 443
  presenting as acute pancreatitis 611
cholestatic jaundice 453
chymopapain, in chemonucleolysis 157
cinevenography, ascending, in chronic venous insufficiency 565
colonic and rectal surgery, RACS section of, history of 75
colonic polyps, detection of 485
colorectal adenocarcinoma, in the young 149
colorectal carcinoma
  adjuvant therapy trials for 593
  in young people 537
computerized tomography, in carotid endarterectomy 335
congenital pelviureteric obstruction 253
congenital ureteric anomalies 263
continence, following ileo-anal anastomosis, experimental study of 507
cryptococcosis, concomitant cerebral and breast 517
cyst, choledochal 443

dacron graft, T-piece use of for cerebral revascularization 589
data, collection of for spinal trauma 3, 377
diagnosis
  endoscopic, of gastric and oesophageal cancer 541
  phaeochromocytoma 463
  Zollinger–Ellison syndrome 455
duodenum, villous papilloma of as cause of bile duct obstruction 433
dysplasia, acetabular 195

Echinococcus multilocularis 519
